

FINDING HAZARDS ON THE FARM

CONDUCTING FARM SAFETY INSPECTIONS

1 INSPECT

- Farmstead
- Farm Buildings
- Tractors and Farm Machinery
- Animal Housing
- Manure Storage
- Electrical Hazards
- Shop Area
- Chemical Storage
- Grain Handling/Storage
- Personal Protective Equipment (PPE)

2 EVALUATE

HIGH PRIORITY—Problems presenting immediate danger

SEASONAL PRIORITY—Concerns to address prior to the start of a specific farming season

FINANCIALLY LIMITED PRIORITY—Items that require extensive budgeting and planning to complete

3 REVIEW

- Consult your insurance provider for recommendations.
- Invite the local fire department to the farm property for a walk-through.
- Schedule employee safety training.
